

# AMROA Update Course for credentialed Medical Review Officers

Friday 24 July 2015  
Vibe Hotel Sydney  
111 Goulburn Street, Sydney, NSW.

AMROA invites registered medical practitioners who have passed either the AMROA, the MROCC or the AAMRO examination within the past five years to attend the Update Course.

This program, delivered by a team of experienced MROs and toxicologists, offers course participants small class participatory learning opportunities and peer to peer discussion about new developments in Australasian MRO Theory and Practice. The course has been designed to be of interest to existing MROs wishing to maintain validity as an AMROA credentialed MRO, and for those MROs looking to simply update their existing knowledge in a supportive collegiate environment. Course participants will also have the opportunity to discuss their difficult cases and review research papers in a small group learning environment.

Course participants are eligible to retain membership of AMROA for a further five years following completion of the course and continue to be recognised as MROs for purposes of CASA DAMP MRO management. **There is no exam requirement associated with this course.**

Please attach certificate of completion of MRO exam.
